GOD BLESS U PO!!

Angelica Leonillo N.
Nagpapasa lamat

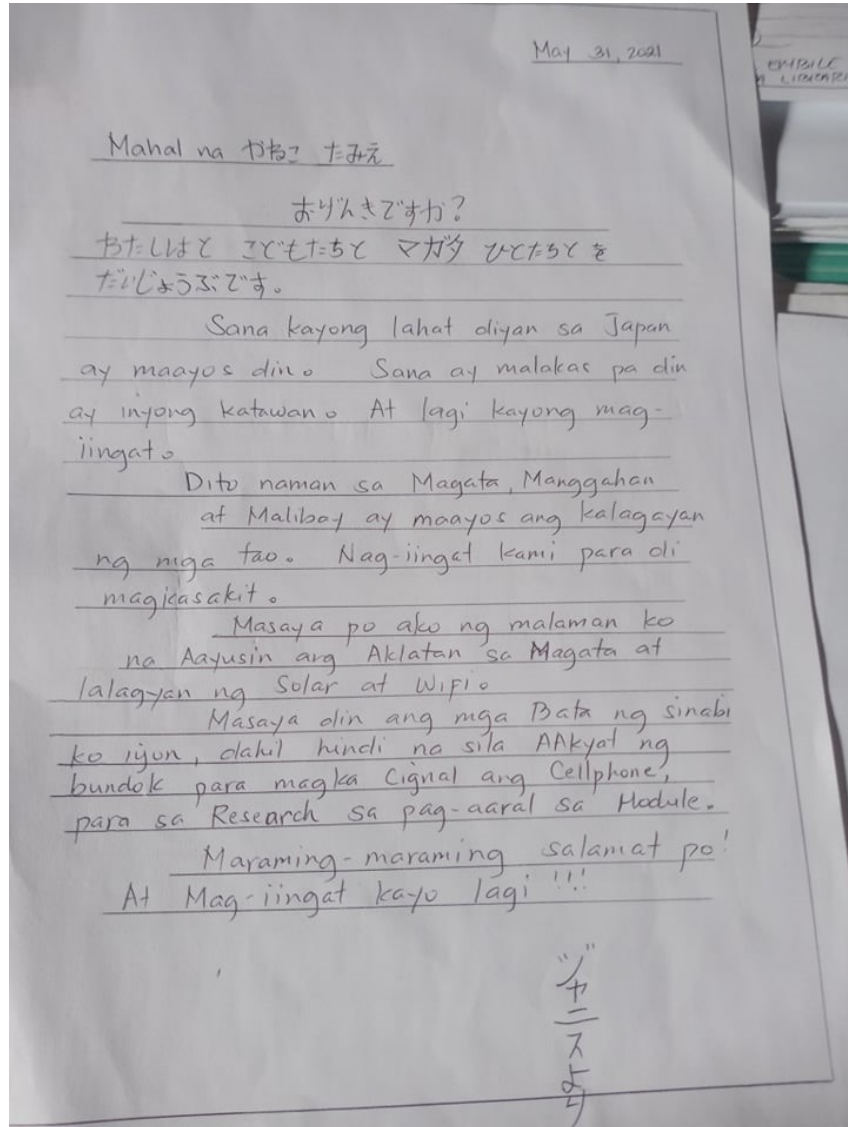

A blessed day to you,

I am Angelica Nulial volunteer library, one of those you helped by giving me opportunity to take care of the library 1.

This month there were still lots of children read books together with their parents. They are requesting for books with Alphabet (ABC books for beginner readers) cause most of books are old. And other books that they can be use while teaching kids.

That's all thank you very much.

Library 2

Mrs. Kaneko sama

How are you? Me, children and people here are doing good.

I hope that all of you are doing great in Japan.

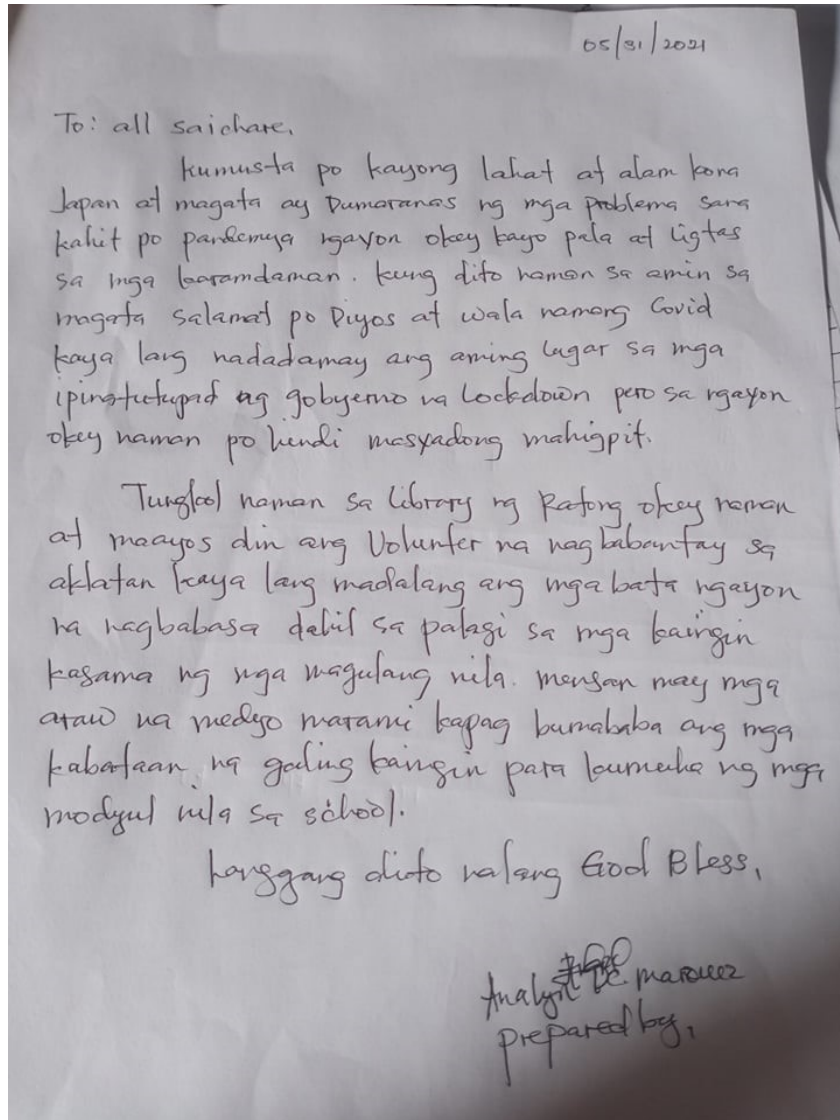

Here we are taking care of our body to prevent from sickness.

I am overjoy with the reconstruction of Magata Library 2, with solar panel and hopefully there will be internet signal in the future it will be great help for children who do study in this time of pandemic.

Thank you and take care

Library 3

To: Saichare members

How are you all? I know that Japan and Philippines are both facing the problem with Covid 19 pandemic, I hope that every one is okay. Here in Magata we are greatly affected by lockdown that the government was implementing but now I can say that everything is going back to normal.

In Ratong library there were few children read books cause most of them are in the farm planting with their parents, but if they come home to get modules to school there were some who come in the library.

God Bless

SPM Photos and Comments

Annaliza N. Aguliar Chief Librarian/Treasurer

At this time of Pandemic schools are close and children started to just play around and seems like they don't give much attention on studying. But here is **MANGGAHAN LIBRARY 1** always open and welcomes children and parents/adults to enjoy every single books we have.

Virus can kill people but books can give life to the mind.

Janice N. Embile Magata librarian

Library 1, 2 and 3 are the only libraries in the mountainous of Tanay, Rizal that you can read interesting books from Japan, we called it "hidden treasure". It isn't just a library that you could read books and learn, but it also gives shelter and protection during the typhoon seasons.

"Children like books and I love books"

Annalyn M. Marquez Ratong librarian

“Small but terrible” this is the library in Ratong, small library with big heart for children, small library with lots of beautiful books you can read, small library with big smiles of children.

for me this is the best gift from Mrs. Kaneko and JOES members

Omon S. Mendez librarian

The library serves as the MIND OF A SCHOOL. Therefore, every school must have a library of its own.

The libraries in Manggahan, Magata and Ratong must be up-to-date with the current educational situation concrete situation and must be on level with the present technological breakthrough in education.

Mariz Mendez

Liaison

Reading books for Magata children, teaching them how to draw, swim with them in the river, and live with them made me believe what Mr. Kaneko said “The treasure that he found in the mountain was the children and it is more than the gold”.

“Ang makatayo sa sariling paa at makapag pasya” (to be able to stand alone and decide for self) that’s my dream to every child in Magata, Manggahan and Ratong.
